To All!

Greetings from Davao City! I am so glad our preparation for our big event in August is progressing as planned.

I will be meeting the president of UPAA Singapore January 9,10, 11 Mr. Ton Garcia. I was impressed with his credentials, and invited him to be a speaker at our event. He is still thinking about being a speaker, but he will definitely come to our Grand reunion and convention in August. I will try to get a delegation from Singapore. BTW, Ton Garcia is a millennial. Maybe he can speak on the theme advance, or participate. I leave it to you guys. I will have to make him say Yes! first. Please let me know if my proposal is amenable to the program committee.

I will be visiting UP Diliman and the newly installed VP and AVP for alumni relations, as well as Dr. Wendell Capili. They are expecting an invite. Is the program committee thinking of giving the VIPs from UP Diliman a speaking role? Or just as resource persons? The UPAA president Mr. Laserna declined Clod's invite, but I still plan to pay him a visit. My schedule for UP Diliman is for the first week of February. I would appreciate a reply from the program committee with regards the role our UP Diliman guests will play. I am paying President Danicon a courtesy call February 6. Any message you want me relayed, please let me know. I have my agenda, but if there are other things you want me to discuss with him, e-mail me please.

Thanks!

Nelsie Parrado
President, UPAAA
